SUPPLEMENTARY INFORMATION: California Department of Transportation has requested a temporary change to the operation of the State Highway 4 Drawbridge, mile 14.8, over Old River, between Victoria Island and Byron Tract, CA. The drawbridge navigation span provides 12 feet vertical clearance above Mean High Water in the closed-to-navigation position. Pursuant to 33 CFR 117.183, the draw opens on signal from May 1 through October 31 from 6 a.m. to 10 p.m. and from November 1 through April 30 from 9 a.m. to 5 p.m. and at other times, opening the draw on signal if at least four hours advance notice is given to the drawtender at the Rio Vista drawbridge across the Sacramento River, mile 12.8. Navigation on the waterway is recreational and commercial.

The drawspan will be secured in the closed-to-navigation position from 6 a.m. on September 9, 2013 to 6 p.m. on October 4, 2013, to allow the bridge owner to replace worn out shafts and gears, critical components of the drawbridge. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised. The drawspan can be operated upon four hour advance notice for emergencies requiring the passage of waterway traffic.

Vessels that can transit the bridge, while in the closed-to-navigation position, may continue to do so at any time. There is an alternative route for mariners around Victoria Island.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
